President's Message August 2025

It was a very nice day on the third Thursday of July when a group of us met at Casa Mia's Restaurant in Parkton MD for lunch, going there instead of our regular breakfast since folks have stopped joining us then. Skip & Barb Panowitz, Earl & Judy Dickinson, Doug Read joined us. The food was great. A new member, Jack Dott, met us there and he seemed to think we are a pretty nice group of people. We hope to see him and his wife around more. You can see his photo below with Steve.

We plan to meet for lunch there again this month, on the **Third Thursday Tbird lunch**, August 21 at 11:30 am. Please let Cathy know if you plan to join us there.

We hope to get the birds out for an **ice cream run** in August also. Plan to meet us at **Bomboys Homemade Ice Cream**, 322 Market St in Havre de Grace MD on Saturday, August 16 at 2pm for a sweet treat after driving those beautiful Tbirds. Let us know if we can expect you. You can eat inside or out on the porch. Park out front in your Tbird if you can (for a group pic).

In September it's time for our annual **Cherry Fest** at Phyllis Cherry's place up on the mountain in Cascade MD. The date is Sunday, September 21 at 1pm. This is another potluck, so look for your 'food group' on the front page of the newsletter with the address from Skip. There will be great food, games with prizes, a 50/50 'fundraiser' and lots of conversation among friends. This is one of our favorite club outings, so plan to be there for a good time. Be sure to bring a jacket in case it's cool or windy.

Also in September there are **2 car shows** we should try to attend that are sponsored by Save the Hobby (that MATC supports monetarily). On September 20 there is a show at **Big Truck Brewery** at 19919 Cameron Mill Rd, Parkton MD from 12-4pm and on September 27 there's a **car show at Harford Vineyard and Winery**, 1311 W Jarrettsville Rd, Forest Hill, MD 21050 from 4pm-8pm. We should go and support our 'car people'. Cars, music, wine/beer. Let us know if you'd like to go and we can meet up and caravan in.

Thanks,

Cathy & Steve

Our new member, Jack Dott, joined us at Casa Mia's.

This 1966 Ford Thunderbird Was Driven In 'Thelma & Louise'

By Alexandra Purcell

The Petersen Museum in Los Angeles boasts a dazzling array of unique vehicles, many of which rose to fame on the big screen. Among them is the iconic 1966 Ford Thunderbird straight from *Thelma & Louise*, a cinematic legend that *Ford Authority* recently had the chance to see up close and in person.

While plenty of famous vehicles on display at museums are simply 1:1 replicas of the real deal, this 1966 Ford Thunderbird was actually seen in the movie. While a number of identical cars shared star duty during filming, this particular example was used for filming close-up shots. In fact, the Thunderbird was specifically selected because of its backseat, which allowed the titular characters to travel with other important characters as passengers throughout the film.

In fact, five functional vehicles were used for the film, and, notably, none of them were customized in any way to fit the part. The 1966 Ford Thunderbird spoke well enough for itself. With its turquoise exterior and white interior, the T-bird fit the part of Americana icon, blending right in with the Southwestern backdrop of the film.

While the 1966 Ford Thunderbird "land yacht" wasn't particularly fast, it didn't have to be. It was less a getaway vehicle and more a physical metaphor for the main characters' refusal to give up. It also represents their free-spirited personalities and freedom. In the film, the T-bird meets an early end when the main characters run it off a cliff to avoid the law. While this particular example survived the flick, the original stunt car did not; an original cut of the film shows the vehicle's descent into the Colorado River at the bottom of the Grand Canyon.

This Thunderbird sits alongside another notable example of the low-slung luxury land yacht at the Petersen. The one-millionth model to roll off the assembly line is also on display at the museum, and it's still going strong after almost four decades.
